

20211118 Meeting Notes

IP Form

- No immediate action required
- Follow up in 3 months
- Do NOT post TMH Data

GitHub Repositories

- Talked about public/private repos on GitHub benefits of using each
- Decided on private Github repo
- Jessica will make work account for Github to view progress

EDA

- show what we started so far
- share screen with visualizations
- Princess Component Analysis
- Sentiment analysis graphs

Current Questions

- What if any are the expectations of the outcome of the project?
- Are we hoping for correlation?
- 'What determines success for our project?

Future Questions

- Is there a TMH brand manual to align our project visualizations, report, and presentation for final showcase with TMH Marketing guidelines.
